Third Quarter 2023 Financial Results

Total revenues reached RMB8.0 billion (US\$1.1 billion), increasing 7% year over year.

Membership services revenue was RMB5.0 billion (US\$686.9 million), increasing 19% year over year, primarily attributable to the increase in ARM and our continuous efforts in refining operations to improve monetization capabilities. The average daily number of total subscribing members for the quarter was 107.5 million, compared to 101.0 million for the same period last year. The number of total subscribing members was 102.8 million as of September 30, 2023, compared to 106.2 million as of September 30, 2022.

Online advertising services revenue was RMB1.7 billion (US\$229.5 million), increasing 34% year over year, driven by growth in both performance-based advertising and brand advertising businesses. For performance-based advertising, revenue growth was attributable to our improved sales efforts and optimized algorithms. Additionally, our premium original content attracted stronger advertising demand and drove the growth in brand advertising service revenue.

Content distribution revenue was RMB526.1 million (US\$72.1 million), decreasing 28% year over year, primarily due to the decrease in average unit price of barter transactions, partially offset by the increase in average unit price of cash transactions.

Other revenues were RMB803.1 million (US\$110.1 million), decreasing 37% year over year, primarily due to deconsolidation of live broadcasting business and lesser revenue derived from third-party cooperation.

Cost of revenues was RMB5.8 billion (US\$800.4 million), increasing 2% year over year. Content costs as a component of cost of revenues were RMB4.2 billion (US\$573.4 million), decreasing 3% year over year.

Selling, general and administrative expenses were RMB981.4 million (US\$134.5 million), flat year over year.

Research and development expenses were RMB447.4 million (US\$61.3 million), decreasing 6% year over year, primarily due to the decrease in personnel-related compensation expenses.

Operating income was RMB746.7 million (US\$102.4 million), compared to operating income of RMB309.7 million in the same period in 2022. Operating income margin was 9%, compared to operating income margin of 4% in the same period in 2022. Non-GAAP operating income was RMB894.9 million (US\$122.7 million) and non-GAAP operating income margin was 11%, compared to non-GAAP operating income of RMB524.3 million and non-GAAP operating income margin of 7% in the same period in 2022.

Total other expense was RMB254.2 million (US\$34.8 million), compared to total other expense of RMB662.0 million during the same period of 2022. The year over year decrease was primarily driven by the decrease in the impairment provision, less loss pick-up from equity method investment and loss from foreign exchange, and partially offset by increased interest expenses.

Income before income taxes was RMB492.5 million (US\$67.5 million), compared to loss before income taxes of RMB352.4 million in the same period in 2022.

Income tax expense was RMB9.0 million (US\$1.2 million), compared to income tax expense of RMB42.5 million in the same period in 2022.

Net income attributable to iQIYI was RMB475.9 million (US\$65.2 million), compared to net loss attributable to iQIYI of RMB395.6 million in the same period in 2022. Diluted net income attributable to iQIYI per ADS was RMB0.49 (US\$0.07) for the third quarter of 2023, compared to diluted net loss attributable to iQIYI per ADS of RMB0.46 in the same period of 2022. Non-GAAP net income attributable to iQIYI was RMB622.1 million (US\$85.3 million), compared to non-GAAP net income attributable to iQIYI of RMB187.2 million in the same period in 2022. Non-GAAP diluted net income attributable to iQIYI per ADS was RMB0.64 (US\$0.09), compared to non-GAAP diluted net income attributable to iQIYI per ADS of RMB0.21 in the same period of 2022.

As of September 30, 2023, the Company had cash, cash equivalents, restricted cash, short-term investments and long-term restricted cash included in prepayments and other assets of RMB7.2 billion (US\$980.9 million).
