Form 20-F for Fiscal Year Ended December 31, 2022  
Introduction, page 1

1. Please revise to include a definition of "China" and the "PRC." If your definitions of "China" and the "PRC" exclude the special administrative regions of Hong Kong and Macau, please additionally clarify that the legal and operational risks associated with operating in China also apply to operations in Hong Kong and Macau. This clarification may appear in the definition itself or in an appropriate discussion of legal and operational risks.

Item 3. Key Information, page 3

2. We note your disclosure on pages 4 and 5 regarding the legal and operational risks associated with being based in or having the majority of your operations in China. Your

disclosure should make clear that these risks could result in a material change in your operations and/or the value of your securities or could significantly limit or completely hinder your ability to offer or continue to offer securities to investors and cause the value of such securities to significantly decline or be worthless. Please also disclose the location of your auditor's headquarters and discuss how the Consolidated

Appropriations Act  
in 2023, and related regulations, will affect your company. Disclose  
that trading in your  
securities may be prohibited under the Holding Foreign Companies  
Accountable Act, as  
amended by the Consolidated Appropriations Act, 2023, and related  
regulations if the  
PCAOB determines that it cannot inspect or investigate completely your  
auditor for a  
period of two consecutive years, and that as a result an exchange may  
determine to delist  
your securities.

3. It appears that you have operations in, and, have at least one  
director or officer located in,  
Hong Kong. Please discuss here the applicable laws and regulations in  
Hong Kong as  
well as the related risks and consequences accordingly.

4. Please refer to the section captioned "Cash Flows through Our  
Organization." We note  
your disclosure that although the VIEs received "nil, nil and nil as  
loans" for the years  
ended December 31, 2020, 2021 and 2022, the VIEs also appear to have  
repaid "RMB90.5  
million, nil and nil" for the years ended December 31, 2020, 2021 and  
2022,  
respectively. Please address this discrepancy and clarify your  
intentions to settle any  
amounts owed under the VIE agreements. Additionally, for the transfers  
made to the  
Cayman Islands holding company, please state which entity made the  
transfer and explain  
the tax consequences. Describe any restrictions on foreign exchange  
and your  
ability to  
transfer cash between entities, across borders, and to U.S. investors.  
Describe any  
restrictions and limitations on your ability to distribute earnings  
from the company,  
including your subsidiaries and/or the consolidated VIEs, to the  
parent company and U.S.  
investors as well as the ability to settle amounts owed under the VIE  
agreements. Provide  
a cross-reference to your discussion of this issue in your summary  
risk factors and risk  
factors sections.

5. Please amend your disclosure here, in the summary risk factors, and  
risk factors sections  
to state that, to the extent cash or assets in the business is in the  
PRC/Hong Kong or a  
PRC/Hong Kong entity, the funds or assets may not be available to fund  
operations or for  
other use outside of the PRC/Hong Kong due to interventions in or the  
imposition of  
restrictions and limitations on the ability of you, your subsidiaries,  
or the consolidated  
VIEs by the PRC government to transfer cash or assets. In your Item 3  
disclosure, provide  
cross-references to the discussions in the summary risk factors and  
risk factors sections.

6. Please refer to the section captioned "Cash Flows through Our  
Organization." To the  
extent you have cash management policies that dictate how funds are  
transferred between  
you, your subsidiaries, the consolidated VIEs or investors, summarize  
the policies here,  
and disclose the source of such policies (e.g., whether they are  
contractual in nature,  
pursuant to regulations, etc.); alternatively, state here that you  
have no such cash  
management policies that dictate how funds are transferred. Please  
also include this

disclosure in Item 5. Operating and Financial Review and Prospects.  
7. Please revise to provide here, as you do on page 90, disclosure that

the company uses a structure that involves VIEs based in China and what that entails, along with a diagram of the company's corporate structure, identifying the person or entity that owns the equity in each depicted entity and using dashed lines without arrows to denote relationships with the VIEs. Please also revise your diagram of the company's corporate structure on page 90 and use dashed lines without arrows to denote relationships with the VIEs. Describe in greater detail all contracts and arrangements through which you claim to have economic rights and exercise control that results in consolidation of the VIEs operations and financial results into your financial statements. Identify clearly the entity in which stockholders hold an interest and the entity(ies) in which the company's operations are conducted. Describe the relevant contractual agreements between the entities and how this type of corporate structure may affect investors and the value of their investment, including how and why the contractual arrangements may be less effective than direct ownership and that the company may incur substantial costs to enforce the terms of the arrangements. Disclose the uncertainties regarding the status of the rights of the Cayman Islands holding company with respect to its contractual arrangements with the VIEs, its founders and owners, and the challenges the company may face enforcing these contractual agreements due to legal uncertainties and jurisdictional limits.

8. We note the following disclosure:

"Our wholly-owned subsidiaries, Beijing QIYI Century and iQIYI New Media, have entered into contractual arrangements with the variable interest entities and their respective shareholders, and such contractual arrangements enable us to impose control over, receive the economic benefits of, and have an exclusive option to purchase all or part of the equity interest and assets in the variable interest entities when and to the extent permitted by PRC law."

"We have control over and are the primary beneficiary of Beijing iQIYI, Shanghai iQIYI and Shanghai Zhong Yuan through a series of contractual arrangements."

"We have control and are the primary beneficiary of iQIYI Pictures and Intelligent Entertainment through a series of contractual arrangements."

"Such contractual arrangements enable us to impose control over activities that most significantly affect the economic performance of the variable interest entities, receive economic benefits of and absorb losses that potentially could be significant to the variable interest entities, and have an exclusive option to purchase all or part of the equity interest and assets in the variable interest entities when and to the extent permitted by PRC law. Because of these contractual arrangements, we are the primary beneficiary of the variable interest entities in mainland China and hence consolidate their financial results as our variable interest entities."

May 22,

However, neither the investors in the holding company nor the holding company itself have an equity ownership in, direct foreign investment in, or control of, through such ownership or investment, the VIEs. Accordingly, please refrain from implying that the contractual agreements are equivalent to equity ownership in the business of the VIEs.

Any references to control or benefits that accrue to you because of the VIEs should be limited to a clear description of the conditions you have satisfied for consolidation of the

VIEs under U.S. GAAP. Additionally, your disclosure should clarify that you are the primary beneficiary of the VIEs for accounting purposes.

9. With respect to the Summary of Risk Factors that disclose the risks related to your

corporate structure and being based in or having the majority of your operations in China,

please revise your disclosure to provide specific cross-references (title and page) to the

more detailed discussion of these risks in the prospectus.

conclude that such

permissions or approvals are not required, or (iii) applicable laws,

regulations, or

interpretations change and you are required to obtain such permissions

or approvals in the

future. With respect to the disclosure in these sections, we note that

you do not appear to

have relied upon an opinion of counsel with respect to your implied

conclusions that you

do not need any additional permissions and approvals to operate your

business and to

offer securities to investors. If true, state as much and explain why

such an opinion was

not obtained.

11. Please refer to the section captioned "Permissions Required from the PRC Authorities for

Our Operations." We note your disclosure that you "have obtained the

requisite licenses

and permits from the PRC government authorities that are material" for

your

operations. The disclosure here should not be qualified by
