iQIYI Announces First Quarter 2020 Financial Results

BEIJING, May 18, 2020 – iQIYI, Inc. (Nasdaq: IQ) ("iQIYI" or the "Company"), an innovative market-leading online entertainment service in China, today announced its unaudited financial results for the first quarter ended March 31, 2020.

First Quarter 2020 Highlights

- Total revenues were RMB7.6 billion (US\$1.1 billion¹), representing a 9% increase from the same period in 2019.
- Operating loss was RMB2.2 billion (US\$316.6 million) and operating loss margin was 29%, compared to operating loss of RMB2.0 billion and operating loss margin of 29% in the same period in 2019.
- Net loss attributable to iQIYI was RMB2.9 billion (US\$406.0 million), compared to net loss attributable to iQIYI of RMB1.8 billion in the same period in 2019. Diluted net loss attributable to iQIYI per ADS was RMB3.92 (US\$0.56), compared to diluted net loss attributable to iQIYI per ADS of RMB2.52 in the same period of 2019.
- The number of total subscribing members was 118.9 million as of March 31, 2020, 99.2% of whom were paying subscribing members. This compares to 96.8 million of total subscribing members as of March 31, 2019, up 23% year over year.

"We delivered solid results during the first quarter despite very challenging environment caused by the COVID-19 outbreak," commented Dr. Yu Gong, Founder, Director, and Chief Executive Officer of iQIYI. "Total revenues increased 9% year-over-year while user time spent and number of subscribers both achieved robust growth, with subscribers reaching 119 million, an increase of 23% year-over-year and a net addition of 12 million from previous quarter. The growth was driven by our strong content offerings and audience's surging demand for digital entertainment when sheltering in place amid the outbreak of COVID-19, while our content cost continued to see moderate increase compared to a year ago. We celebrated our 10-year anniversary last month and look forward to further building out our comprehensive content library and ecosystem, capitalizing on the deep value of our original IPs and diversifying our monetization streams in the decade ahead."

"We started off the year with solid financial and operational performance spearheaded by our membership business," commented Mr. Xiaodong Wang, Chief Financial Officer of iQIYI. "We continued to optimize our membership system and offer premium services in addition to achieving strong net addition of subscribers during the first quarter. We are also encouraged by the progress we have been making in building a more balanced content mix, expanding our monetization initiatives and exploring technology innovations that drive efficiency. With the vast market potential of China's digital entertainment market and the rationalizing content production industry, we believe we are well positioned to navigate through the pandemic and macro headwinds, and achieve long-term sustainable growth."

First quarter 2020 Financial Results

Total revenues reached RMB7.6 billion (US\$1.1 billion), representing a 9% increase from the same period in 2019.

Membership services revenue was RMB4.6 billion (US\$654.5 million), representing a 35% increase from the same period in 2019. The increase was primarily attributable to the growth in the number of subscribing members, driven by our premium content and increased entertainment demand during Chinese New Year holiday and the COVID-19 pandemic.

Online advertising services revenue was RMB1.5 billion (US\$217.0 million), representing a 27% decrease from the same period in 2019. The decrease was primarily due to the challenging macroeconomic environment in China related to the COVID-19 pandemic.

Content distribution revenue was RMB602.8 million (US\$85.1 million), representing a 29% increase from the same period in 2019. The growth was primarily attributable to the increase of high-quality content which fulfilled distribution to several platforms during the quarter.

Other revenues were RMB875.9 million (US\$123.7 million), representing a 9% decrease from the same period in 2019, primarily due to the soft performance of certain business lines, partially offset by the growth in game business.

Cost of revenues was RMB7.9 billion (US\$1.1 billion), representing an 9% increase from the same period in 2019, mainly due to increased content costs this quarter. Content costs as a component of cost of revenues were RMB5.9 billion (US\$836.4 million), representing a 11% increase from the same period in 2019.

Selling, general and administrative expenses were RMB1.3 billion (US\$185.1 million), representing a 15% increase from the same period in 2019. This was primarily due to higher marketing spending for certain iQIYI apps and increased allowance for doubtful accounts due to the COVID-19 pandemic.

Research and development expenses were RMB678.1 million (US\$95.8 million), representing a 13% increase from the same period in 2019, primarily due to the increase of personnel-related compensation expenses.

Operating loss was RMB2.2 billion (US\$316.6 million), compared to operating loss of RMB2.0 billion in the same period in 2019. Operating loss margin was 29%, compared to operating loss margin of 29% in the same period in 2019.

Total other expense was RMB628.5 million (US\$88.8 million), compared to total other income of RMB211.1 million during the same period of 2019. The year-over-year variance was a combined result of the fluctuation of exchange rate between Renminbi and the U.S. dollar and increased interest expenses associated with our financing activities.

Loss before income taxes was RMB2.9 billion (US\$405.4 million), compared to loss before income taxes of RMB1.8 billion in the same period in 2019.

Income tax expense was RMB4.8 million (US\$0.7 million), compared to income tax expense of RMB7.4 million in the same period in 2019.

Net loss attributable to iQIYI was RMB2.9 billion (US\$406.0 million), compared to net loss attributable to iQIYI of RMB1.8 billion in the same period in 2019. Diluted net loss attributable to iQIYI per ADS was RMB3.92 (US\$0.56) for the first quarter of 2020, compared to diluted net loss attributable to iQIYI per ADS of RMB2.52 in the same period of 2019.

As of March 31, 2020, the Company had cash, cash equivalents, restricted cash and short-term investments of RMB9.9 billion (US\$1.4 billion).

Financial Guidance

For the second quarter of 2020, iQIYI expects total net revenues to be between RMB7.25 billion (US\$1.02 billion) and RMB7.67 billion (US\$1.08 billion), representing a 2% to 8% increase from the same period in 2019. This forecast reflects iQIYI's current and preliminary view, which is subject to substantial uncertainty.
